

CODE OF
THE UNIFIED GOVERNMENT OF
WYANDOTTE COUNTY/KANSAS CITY, KANSAS

Article III:

Sec. 8-158. Master electrician's license and examination.

(a) No person shall work as a master electrician in the city without a master electrician's license issued by the unified government.

(b) An applicant for a master electrician's license shall furnish written evidence that such person has had one year practical experience in planning, laying out, supervising, installing and repairing wiring apparatus or equipment for electric light, heat, power or other purposes and an additional three years of practical experience acceptable to the building official and under the supervision of a licensed electrical contractor or master electrician, for installing and repairing electrical apparatus and equipment for light, heat, power and other purposes and shall further establish that such applicant has had at least two years' experience in commercial or industrial work. The building official may allow for up to two years' experience credit for successful completion of a post-high school electrical course approved by the building official. An applicant for a master electrician's license must be 21 years of age or older.
