### 2010 Census Jobs

The U.S. Census Bureau is recruiting temporary, part-time census takers for the 2010 Census. These short-term jobs offer good pay, flexible hours, paid training, and reimbursement for authorized work-related expenses, such as mileage incurred while conducting census work. Best of all, census takers work right in their own communities.

Census taker jobs are excellent for people who want to work part-time, those who are between jobs, or just about anyone who wants to earn extra money while performing an important service for their community. Call 1-866-861-2010 for additional information or visit us on the web [www.2010censusjobs.gov](http://www.2010censusjobs.gov).

## Why Organize A Neighborhood?

There are many more citizens than there are laws enforcement officers. The best crime prevention device ever invented is a good neighbor. Joint organized efforts are more effective than individual efforts. Citizens become an extension of the law enforcement agencies eyes and ears.

Through citizens involvement the community is provided with unlimited availability of local neighbors to watch their neighborhood. For suspicious activities or crime.
