Neighborhood Resource Center, 4953 State Avenue in the Conference Room at 5:30 p.m.

Light Meal provided, please RSVP at 913-573-8737 or @ livableneighbor@wycokck.org

The Neighborhoods Rising Fund is Now Open

The 2019 NRF Application and Guidelines are now available at www.ccfkansascity.org. Completed applications are due March 1, 2019 by 5:00 pm CST. All interested applicants are encouraged to attend an information session (details below) and review eligibility and general project requirements. The NRF is a unique funding collaborative made up of a diverse group of civic minded corporations and foundations that provides grants up to $3,000 for high-impact community projects and neighborhood revitalization initiatives. NRF projects promote resident engagement and help build stronger, more effective neighborhood organizations in low-to moderate-income areas throughout Kansas City, Missouri and Kansas City, Kansas.

NRF is managed by the Community Capital Fund and Greater Kansas City LISC. Learn more about NRF’s impact and past projects in the 2017, 2016, and 2015 Funder’s Reports.

The Kansas City, Kansas Neighborhood Crime Prevention Patrol

The KCK NCPP is an independent non profit organization that works with the KCK PD and the WyCo Sheriff’s Department to provide additional Eyes and Ears by citizens trained to watch and listen in their neighborhoods or in KCK for suspicious activity. Patrollers are trained to report only and do not become personally involved in incidents, except in designated situations.

NCPP Revised Training Procedure

Starting in January of 2019, NCPP patroller training will be conducted in two parts, to make the training more convenient.

Part One will be a 3 to 4 hour block of training to prepare the future patroller to be able to go on patrol as a registered temporary NCPP patroller. This training can be presented in a convenient location, at a convenient time for a small group of 3 to 6 students. The training will cover how to notify Base Operators before going on patrol, what to look for, how to watch, how to report incidents or other information, and how to act while on patrol.

This training change is designed to make training more accessible for a prospective member. Successful completion of this block will qualify the person as a Primary patroller with a temporary ID badge, call sign, uniform Tshirt, and vehicle magnetic signs identifying the person as a qualified NCPP patroller.

Part Two will be advanced Training, to be held at the KCK Police Training Academy and will be three sessions of four hours each. The training covered in this section includes a visit to the Police Dispatch Center (911 Operators), training provided by the police department, UG government departments, and graduation. This information completes the necessary training to become a fully vested patroller for the NCPP with a regular ID badge (replacing the temporary badge).
