PORTABLE RECYCLING CONTAINERS NOW AVAILABLE

Liveable Neighborhoods now has a limited number of portable recycling containers that we will be loaning out for special events. We will try and accommodate all requests but it will be on a first-come first-serve basis. It will be the responsibility of the sponsoring organization to pickup and return the recycling containers from the Liveable Neighborhoods office at the Neighborhood Resource Center, 4601 State Avenue, KCK. Office hours: M.-F. 8 am to 5 pm.

The portable recycling containers are very easy to set up and the recyclables will end up in a clear plastic bag. You can recycle both plastic bottles and aluminum cans in the clear plastic bag. It will be the responsibility of the sponsoring organization to take the clear plastic bags with plastic bottles and aluminum cans to the Recycling Center. The Recycling Center accepts plastic bottles and aluminum cans in the same container so you will not have to separate the recyclables.

The Recycling Center is located at 3241 Park Drive, Kansas City, Kansas. Their hours of operation are on Thursday and Saturday from 8 am to 1 pm and on Friday and Sunday from 11 am to 4 pm.

When contacting Liveable Neighborhoods, each organization should estimate how many portable recycling containers and extra plastic bags they will need for their event. In addition, the organization should give dates for pickup and return of containers. The containers are foldable 3/8" steel frames which open up like scissors. They stand approximately 4' high when set up. Each container also has a lid that is placed on the top of each container. Please allow adequate room in your vehicle for transporting the containers.
