Kansas Governor Laura Kelly signed Executive Order 20-55 on July 8, 2020. This Order provides for the extension of drivers’ licenses that would expire before September 15, 2020, and also sets a staggered deadline for vehicle registrations depending on when a vehicle was purchased.

The staggered deadline for new vehicle registrations is:

Vehicles purchased after June 1, 2020, have the standard registration period.

This is welcome news for drivers who have been unable to complete their new vehicle registration. The Treasury Office was closed to the public for an 11-week period from late May through early June due to the COVID 19 Virus. In addition, like many other Unified Government offices, the Treasury Office has dealt with staffing limitations resulting from government-wide furloughs in June and July. These events, coupled together, have created a significant backlog of work from residences needing Motor Vehicle Service.

“While the office is open, social distancing still limits the services that can be provided in our facilities. I highly recommend everyone to first use our various online, drop off, or mail-in options for all their Motor Vehicle, Real Estate Tax, and Personal Property Tax payment needs,” encouraged Richard Mikesic, Treasurer. “Our current backlog of work is estimated to number nearly 22,000 transactions. The current circumstances have been challenging and frustrating for the public. We share in the frustration, and we are dedicated to helping the community complete their work in spite of these difficult times. We appreciate your patience and understanding as we work to serve you,” said Mr. Mikesic.

Previously released Treasury & Motor Vehicle Information
In June, the Treasury office reopened the Annex Office (8200 State Avenue, Kansas City, KS 66112) for Motor Vehicle title work only. For all Motor Vehicle work not related to titles, the public is still required to continue to use online, drop off, or mail-in options only. The Downtown Office (710 N. 7th Street, Suite 240, Kansas City, KS 66101) is open to the public exclusively for the Real Estate, Personal Property, and Treasury services. To reduce crowding, those electing to complete title work
at the Annex are highly encouraged to obtain a spot in the online queue before arriving on location. You will receive an estimated time to be served via text message notifications, and individuals will not be allowed in the building until the number is about to be called. Save your spot in line by visiting wycokck.org/auto. For your safety and the safety of those around you, arriving far in advance of the doors opening is highly discouraged.
