Members Absent: Jessie Alvarez

Others Present: Maritza Fernandez

Last Meetings Minutes

“Mocsa is leading the charge on municipal ID issues” - change the verbage

“Adaptive playgrounds - it is already part of CHIP” - it is not part of chip

Old Business

First Goal: Communications- Tom and Enrique will continue to work on growing the communication base of the Commissions social media and email base. This is the first goal of 2020 by being able to manage the presence. Tom and Enrique within the next few weeks need to work on a communication plan.

Second Goal: Housing- The commission will work on housing issues as this has been a growing problem that the HRDI team has been getting calls about. The hope is to use what KCMO has been doing about housing and tenant rights. Many groups are working on housing, the hope is that the commission will meet with all groups and see where they are at in order to begin assisting with this priority issue.

Municipal ID: the commission has not had a quorum to say we are supporting the safe and welcoming initiative. The commission would not enforce or right any bills, it would just provide the support of the initiative.

Gary Made a motion that ACHRDI support the exploration of safe and welcoming Wyandotte municipal id and will work with the ug mayor, commissioners, staff and community support organizations on implementation and publicity.

Karen Greenwood 2nd the motion

All majority vote in favor of the motion.

Goal calendar: for anyone who has a goal please with enough time provide a time frame and plan in order to provide stuff and information. Let everyone know, when the support needs to have, and continue to communicate

Christina- will soon come out with more information in order to provide a support letter for the adaptable playground.

Homework:

Work on communication plan.

Everyone send bio and pic

Karen and tom made the motion to adjourn the meeting

Don 2nd

We adjourned
