2019 Annual Action Plan Amendment #3 Summary

The 2019 Annual Action Plan Substantial Amendment #3 reprograms the Unified Government’s allocation of Community Development Block Grant funds from the U.S. Department of Housing and Urban Development as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CDBG-CV). This will allow for the extension of public services to prevent, prepare for, and respond to the COVID-19 health crisis. $1,716,000 in CDBG-CV funds have been allocated to Public Services, while $427,980 in CDBG-CV funds have been allocated to related administrative activities.

Additionally, this amendment reprograms an unspent amount of 2019 HOME funds ($203,671) from the HOME CHIP Homeownership Program to the construction or rehabilitation of affordable housing (amended project total: $583,671). The remainder of 2019 program year projects remain unchanged.

Updates have been made to the Annual Action Plan Projects (pg. 30-38): #7 HOME New Construction/Rehab, #12 CV-Administration and # 13 CV-Public Services, as well as the attached Citizen Participation Summary, and Grant Certifications and Forms. No other changes have been made.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Each year, Wyandotte County/Kansas City, Kansas receives funds from HUD for housing and community development activities to address priority needs locally identified by the County. To receive these federal funds, the County must submit a strategic plan — the Consolidated Plan — every five years that identifies local needs and how these needs will be addressed.

The primary federal funding resources in the 2017-2021 Consolidated Plan are the following:

- **Community Development Block Grant (CDBG):** The primary objective of this program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income levels. Funds can be used for a wide array of activities, including housing rehabilitation, homeownership assistance, lead-based paint detection and removal, construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, public services, rehabilitation of commercial or industrial buildings, and loans or grants to businesses.

- **HOME Investment Partnerships Program (HOME):** The HOME program provides federal funds for the development and rehabilitation of affordable rental and ownership housing for low- and moderate-income households. HOME funds can be used for activities that promote affordable rental housing and homeownership by low- and moderate-income households, including reconstruction, moderate or substantial rehabilitation, homebuyer assistance, and tenant-based rental assistance.
• Emergency Solutions Grant (ESG): The Emergency Solutions Grant program became the Emergency Solutions Grant program under the Hearth Act of 2009. Recognizing the need to end homelessness, the Hearth Act places more emphasis on homeless prevention and rapid rehousing and less on shelters and transitional housing. ESG funding can be used to support traditional shelters, transitional housing that is grandfathered from 2010 funding, supportive services, rent and utility payments and security deposits to prevent homelessness or to rapidly re-house homeless individuals and families, street outreach, and management of a homeless management information system (HMIS).

2. **Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items, or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis, or the strategic plan.

For FY 2019-2020, the Unified Government (UG) has identified the following goals and outcomes:

- Improve access to and quality of affordable housing options
- Improve and expand public services to serve low income and special needs populations
- Support activities that prevent homelessness
- Support activities that move persons experiencing homelessness to permanent housing
- Improve and expand public facilities and infrastructure to serve low-income populations

3. **Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The UG’s past performance in the administration and implementation of the CDBG, HOME, and ESG programs has fulfilled the spirit and intent of the federal legislation creating these programs. The UG has facilitated affordability for decent housing, availability and accessibility of suitable living environments, sustainability of suitable living environments, and the accessibility of economic opportunities. The following is a summary of UG’s past performance as reported to HUD in the FY2017 Consolidated Annual Performance and Evaluation Report (CAPER), the most recent report filed.

**New Construction and Rehabilitation.** The annual housing goal was accomplished using HOME funds:

- Goal for Construction of New Units: 3
- Actual Number of Units Completed: 2

**CHIP Homeownership Down payment.** The annual goal was accomplished with the use of HOME funds:
Rehab/Home Repair Program. The annual goal was exceeded with the use of CDBG funds:

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The Unified Government conducts outreach efforts to maximize input from a large cross-section of stakeholders. This outreach effort includes public meetings, published meeting notices, stakeholder meetings and public workshops.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Meaningful collaboration as it relates to the development and implementation of housing and community development programs and services has become increasingly important as the federal resources available to these programs continue to decline. Collaboration with housing and service providers helps the Unified Government to capture the maximum benefit for each dollar it invests and ensures that investments strategically address both short-term needs and advance long-term goals. These agencies are proactively recruited to participate in the development of annual planning processes. Many local entities, such as business organizations, neighborhood-based organizations, lenders and realtors, and UG staff are working to establish a framework for multi-level collaboration at the neighborhood level to preserve and enhance residential areas.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Wyandotte County/Kansas City, Kansas is part of the Greater Kansas City Coalition to End Homelessness (GKCCEH), which is the region’s Continuum of Care. The GKCCEH works to address homelessness and the priority needs of homeless individuals and families, including homeless subpopulations. The UG assigns a staff person to assist the GKCCEH, serving on the board of directors as a non-voting member.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.
When allocating ESG funding, the Unified Government issues a request for proposals to all agencies that are members of the Continuum of Care. A committee with at least one CoC member representative reviews all the applications and makes recommendations for that year’s allocations. The UG typically funds homelessness prevention, rapid rehousing, HMIS, and operations.

Narrative (optional)

The Unified Government consulted with various organizations such as neighborhood organization, housing developers, homeless agencies, housing authority, and other groups throughout the NRSA process as well as the Annual Plan process. In addition, business and civic leaders such as lenders, appraisers, stakeholders along with elected officials have played a part through UG initiatives such as Stabilization, Occupation and Revitalization (SOAR), the Neighborhood Revitalization Strategy Area (NRSA) and the UG Community Health Improvement Plan.
AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The Unified Government’s goal for citizen participation is to ensure broad participation of County residents; housing, economic development, and other service providers; UG departments; nonprofit organizations; neighborhood groups; and other stakeholders in the planning and implementation of community development and housing programs. As such, the UG has laid out a Citizen Participation Plan (CPP) to broaden citizen participation.

Two public hearings were held during development of the Action Plan and budget process. The first was held on March 7, 2019. The second will be to finalize the budget, to be held on July 25, 2019, with adoption on July 25, 2019. Citizens were encouraged to attend and participate in UG budget workshops held during July 2019 to solicit public participation and comments.

Public notices, detailing the dates, times, and locations of public meetings will be placed in the The Call, KC Hispanic News, Kansas City Globe, Dos Mundos and the Wyandotte Echo newspapers, as well as on the Community Development website.

The citizen participation process created an opportunity to gain insight into the roles and plans of other organizations and agencies active in serving the community. Their goals and objectives were considered in development of the goals and objectives of the Annual Action Plan.

The UG will provide translation services as requested at public meetings, forums, etc. Translation services have been provided for persons whose language are other than English and Spanish that have requested information and application assistance for programs.

Introduction

The UG was additionally granted special allocations of Emergency Solutions Grant (ESG-CV) and Community Development Block Grant (CDBG-CV) authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act, Public Law 116-136, which was signed by President Donald Trump on March 27, 2020, to prevent, prepare for and respond to the historic COVID-19 public health crisis.

CARES Act funds to be used to prevent, prepare for, and respond to COVID-19.

Table 5 - Expected Resources – Priority Table
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Several potential funding sources have been identified to implement the strategies contained in the 2019-2020 Annual Action Plan. The federal funds outlined above will leverage other sources such as state funds provided under various programs and private funds such as Low-Income Housing Tax Credits (LHTC) and mortgages.

HOME: The UG local jurisdiction has been granted a 100% match reduction for the HOME program due to severe fiscal distress. HOME funds leverage private mortgages through the CHIP program and partnerships with CHDOs and CDCs.

CDBG: Public Services grants leverage Unified Government General Fund dollars and cash and in-kind donations. ESG: Non-profit organizations subcontracting with the UG are required (for UG to meet HUD regulations) to provide a 100% match for the grant that they are awarded. The match may be in the form of cash or in-kind services and/or donations.

ESG: Except for 7.5% of grant funds used for administration, ESG is awarded to subrecipients to carry-out eligible activities. Subrecipients must provide 100% match funds from eligible sources. The Department of Community Development matches ESG admin funds with CDBG to fund a full time ESG coordinator position.

CDBG-CV and ESG-CV: Funds will be utilized to bridge gaps in resources and funding to address unprecedented community need due to the health and economic impacts of COVID-19. No match is required for either funding source.
If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County owns over 2,000 vacant lots through its land bank, 500 of which could potentially be used as locations for new affordable housing units.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Unified Government is committed to allocating funds that serve the needs of low- to moderate-income (LMI) residents. Funding awards are based on need and activity eligibility. Actual locations are determined by applications received and funding availability.

The primary obstacle to meeting underserved needs is the limited resources available to address identified priorities. The UG will partner with other public agencies and non-profit organizations, when feasible, to leverage resources and maximize outcomes in housing and community development.

Funding to meet local fair housing goals is found in projects funded above including minor home repair.
Other local fair housing goals are policy based and require no direct funding.

**AP-50 Geographic Distribution – 91.220(f)**

**Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Wyandotte County/Kansas City, Kansas is located in the northeast part of Kansas and is part of the Kansas City, Missouri metropolitan region. Housing values are some of the lowest in the region, but the County also has a higher unemployment and lower poverty rate than the majority of Kansas.

According to the 2011 AI for the Kansas City Region, concentrations occur when the percentage of residents of a particular racial or ethnic group is 10 percentage points or more above the community-wide average. In 2011, Wyandotte County was approximately 40% non-White and 25% Hispanic.

The largest concentrations (>50%) of the Black/African-American population are in the Northeast neighborhood. For Hispanics, the largest concentrations (>35%) are in the Argentine, Kensington, and Riverview neighborhoods. There are no areas with high concentrations of Asians.

Using poverty rate as a proxy for low-income residents and a definition of “concentrated” as being 10 percentage points or more above the community-wide average (22%), there are concentrations of poverty located in the neighborhoods of Northeast, Kensington, Riverview, Coronado/Bethel/Welborn, and Rosedale.

The greatest racial/ethnic concentrations of poverty are located in the Northeast neighborhood.

Ultimately, Wyandotte County/Kansas City is working to ensure that a mix of housing types exists within each community to accommodate households of all types and income levels. The County housing strategies will be especially guided by the increasing mismatch between incomes and housing costs and the specific accommodations necessary to ensure that special needs populations have adequate affordable housing options with appropriate supportive services where needed.

AP-55 Affordable Housing – 91.220(g)

Introduction

The Unified Government will use HOME funds and a portion of CDBG funds for new affordable housing and to rehabilitate existing housing units. The special needs population will be served through the rehabilitation of an existing structures. The homeless population will be served through assistance grants to local service providers. Therefore, these two groups do not have easily quantifiable goals.

AP-60 Public Housing – 91.220(h)

Introduction

The Kansas City, Kansas Housing Authority’s (KCKHA) mission is to help families and individuals with low and moderate incomes achieve greater stability and self-reliance by providing safe, affordable, quality housing and partnering with community services and agencies and promoting economic opportunity in a suitable living environment free from discrimination. According to the 2016 Wyandotte County/Kansas City/Kansas City CAPER (most recent available), 2,058 families are served by public housing and 1,469 are served by Section 8 vouchers.

Actions planned during the next year to address the needs to public housing

KCKHA will continue improving the quality of its housing by investing in the capital (CAP) fund allocation to make units competitive with housing in the private sector. CAP funds will be used for HVAC improvements in family development community centers, interior modernization, roof replacements, fencing, mechanical improvements, exterior repair, painting, and parking lot expansion.

Since taking over responsibility of the Rosedale Ridge apartment complex, KCKHA is in the process of issuing 116 Section 8 vouchers to those families.

The Unified Government, acting as the Responsible Entity, will work in conjunction with the Kansas City, Kansas Public Housing Authority to ensure that the requirements of 24 CFR Part 58 are adhered to.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Residents of the KCKHA are encouraged to participate in decision making in all aspects of the agency’s operations. This involvement typically occurs through the Resident Associations and Resident Councils that exist at each KCKHA public housing development. Each Resident Association or Council has its own membership made up of residents from that specific community, and each is led by an elected board of directors.

The Resident Associations and Resident Councils work to improve the conditions of the residents they represent in their specific communities. The presidents of each Resident Association or Council then are able to join together to form a jurisdiction-wide council that allows residents’ concerns and involvements to be addressed at a broader Agency level. The jurisdiction-wide council may advise the Board of Commissioners and Executive Director in all areas of KCKHA operations, including occupancy, general management, maintenance, security, resident training, social services, modernization, etc. The KCKHA has two jurisdiction-wide councils: the United Presidents Council is comprised of Presidents and other officers of the individual family development resident associations, and the Council of United Residents is comprised of Presidents and other officers of the individual elderly and disabled
developments. These two jurisdiction-wide councils are contacted in advance to participate in the planning and development of the KCKHA’s Annual Plan.

Another way to ensure resident input and participation of residents in KCKHA operations is by the election of a Resident Commissioner to the KCKHA Board of Commissioners.

KCKHA currently operates a homeowner program. Participants must pay 30% of their household income toward a mortgage, the housing authority pays the remainder. Once the family is able to pay the full cost of the mortgage for six months, they graduate from the program. Participants must qualify for a standard mortgage, so only those with a decent credit history are eligible. Elderly and disabled residents can receive KCKHA assistance for the life of the loan.

KCKHA is in the process of implementing a new Family Self-Sufficiency (FSS) program. Approximately 10-15 individuals are currently being trained to staff the program.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Unified Government is a partner with Continuum of Care to address homelessness and the priority needs of homeless individuals and families, including homeless subpopulations. 

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The lead entity for the Continuum of Care is the Greater Kansas City Coalition to End Homelessness (GKCCEH). This is a partnership of organizations and individuals including: nonprofit organizations, public sector agencies, formerly homeless persons, business community persons, housing developers, faith-based community organizations and other key stakeholders. The UG provides funding to support a full time Coordinator and provides administrative support through UG general funds.

The Finance committee and the Greater Kansas City Coalition to End Homelessness (GKCCEH) Board plan and coordinate various fundraisers throughout the year to help fund the annual operational budget of the organization. Every year during National Hunger and Homeless Awareness Week in November the GKCCEH works to bring awareness to the community and will continue to do this each year. Other activities include the State of Our Homelessness in the Kansas City metropolitan area, Point-in-Time Count, and work to ensure the Homeless Management Information System (HMIS) delivers needed data used for HUD and local government reporting. Each year the GKCCEH conducts a single day “Point-In-Time” count for sheltered and unsheltered homeless persons and families.

Addressing the emergency shelter and transitional housing needs of homeless persons

ESG funds are awarded annually to eligible nonprofit agencies that provide emergency shelter and transitional housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Wrap around support services provided through the CoC’s permanent supportive housing (PSH) programs are key to the high success agencies have experienced keeping homeless persons in PSH for at
least six months (prior to exit). The PSH grantees collaborate and share housing retention strategies to support each project in achieving the housing maintenance goal. A chief strategy in achieving the stated goal has been to relocate individuals who experience housing difficulties before a loss of housing occurs. Because 80% of our CoC’s PSH units are dedicated to serve households with severe mental illness or addictions, relocation is often a key strategy in giving someone a fresh start to be successful in housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The UG promotes four (4) eligible ESG activities that are intentionally focused on housing —either financial assistance to help pay for housing or services designed to keep people in housing or to obtain housing. This assistance is not intended to provide long-term support for program participants, nor will it be able to address all of the financial and supportive services needs of households that affect housing stability. Rather, assistance should be focused on housing stabilization, linking program participants to community resources and mainstream benefits, and helping participants develop a plan for preventing future housing instability.

**Emergency Shelter**

- Essential Services: Case management related to emergency shelter, referrals to employment, healthcare, substance abuse and related services within the community.
- Shelter Operations: including maintenance, rent, repair, security, fuel, insurance, and utilities.

**Homelessness Prevention Assistance**

- Housing relocation and stabilization services (case management).
- Leasing assistance, as necessary, to prevent the individual or family from becoming homeless when the assistance is necessary to help program participants regain stability in their current permanent housing or move into other permanent housing and achieve stability in that housing. Eligible costs include housing search and placement, housing stability case management, rental arrearages, leasing assistance, security deposits, utility deposits, utility arrearages, mediation, and cost for obtaining identification.

**Rapid Re-housing Assistance**

- Housing relocation and stabilization services (case management).
- Leasing assistance as necessary to help individuals or families living in shelters or in places not
meant for human habitation to move as quickly as possible into permanent housing and achieve stability in that housing. Eligible costs include housing search and placement, housing stability case management, leasing assistance, security deposits, utility deposits, utility arrearages, mediation, and cost for obtaining identification.

**Housing Relocation and Stabilization Services** - Funds must be used to create and implement a comprehensive, easily accessible service and housing response system that addresses the needs of those who are homeless or at serious risk of homelessness.

**Eligible activities include:**

- Housing stabilization services include arranging, coordinating, linking and monitoring the delivery services that assist participants to obtain and sustain housing stability; this includes the salary of the Housing Resource Specialist(s)/Case Manager;
- Transportation/travel for supportive housing stabilization services, i.e. visit a participant;
- Costs associated with cell phones to support housing stabilization services.

**HMIS/Data Collection and Evaluation** will be conducted via HMIS. Cost associated with data collection is limited to one percent (1%) of the total grant amount. The HEARTH Act requires that data collection and reporting for ESG be conducted via HMIS.
AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Eliminating barriers to affordable housing is critical for increasing economic opportunities and access to prosperity.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Unified Government will continue to implement the Home Repair Grant Program which provides repairs to homes where the owner is income eligible and living in the home. The program's other component is Barrier Removal.

In addition, the UG participated in a Regional Affirmatively Furthering Fair Housing Plan. The Plan includes goals and objectives to addressing housing issues in the region.

The UG will continue to review housing to be constructed with UG or CDBG/HOME assistance to ensure it meets acceptable standards. Quality design and neighborhood compatibility will assist with neighborhood and community acceptance of affordable housing.

The UG will support the rehabilitation of existing units and construction of new units in low-income neighborhoods and work with private property owners to preserve affordable housing throughout neighborhoods in Wyandotte County.
AP-85 Other Actions – 91.220(k)

Actions planned to address obstacles to meeting underserved needs

The primary obstacles to meeting underserved needs are lack of financial and human resources, and a growing gap between housing costs and incomes. The County will continue to use its resources carefully and strategically as evidenced in this plan to reduce the effects of the cost/income gap.

Actions planned to foster and maintain affordable housing

A lack of affordable housing is a primary obstacle to addressing unmet needs. The UG will continue to support its goals of maintaining and expanding affordable housing by utilizing its CDBG and HOME allocations to create new opportunities for affordable homeownership and rehabilitate existing affordable units.

Actions planned to reduce lead-based paint hazards

Information about lead-based paint hazards is distributed to households participating in HOME and CDBG-funded programs. The UG Community Development, in partnership with the Wyandotte County Public Health Department received a $1,500,000 grant award from HUD for the Lead-Based Paint Hazard Control Program, along with $150,000 in Healthy Homes Supplemental Grant funds. The program will seek to reduce lead and provide healthy homes intervention in the KCK area, to increase awareness of lead poisoning and prevention through community outreach and education and to build capacity for lead abatement through training of low-income residents in lead hazard controls.

Actions planned to reduce the number of poverty-level families

CDBG, HOME, and ESG funding is integrated into the programs that address poverty and homelessness by participating agencies that are served by the Greater Kansas City Coalition to End Homelessness. These agencies, and others, provide much needed services to assist residents that are living in poverty. Further programs such as job training, childcare, and transportation assistance reduce the impact of poverty and provide for income growth for families living in poverty.

Through its policies and planning, the UG will continue to encourage business growth in the community. Efforts will continue to support programs to maintain the quality and integrity of the low- and moderate-income neighborhoods where older housing is found. Support will continue for infrastructure improvements in these areas, and code enforcement will be apparent throughout the County. In recognition that some families cannot afford to correct code violations, the UG provides referrals services to help income-eligible homeowners correct the property deficiency. Program referrals are made to Christmas in October, Coalition for Independence, ECKAN, KC Church of Christ, Hope Builders...
and LIEAP and other organizations.

**Actions planned to develop institutional structure**

The Unified Government will work with current and potential sub-recipients to develop an improved, clarified RFP process that is more heavily publicized.

**Actions planned to enhance coordination between public and private housing and social service agencies**

Public agencies, for-profit and non-profit private organizations all play a part in the provision of affordable housing, social services, capital improvements, and economic development. However, the lack of financial resources for development, operations, and support services is a huge gap to overcome. Addressing these gaps will be a high priority for the County. The Unified Government will continue to work to provide stronger coordination between agencies and local organizations.

There are no other forms of investment
2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

When the PJ, CHDO or Housing Partner sells a HOME Assisted House to an income eligible household the HOME Agreement with the homebuyer is executed along with the executed and recorded Second Mortgage. These documents state the recapture provision will be used, below is the language.

Sale to a New Homebuyer: Full recapture will occur upon sale, transfer, or conveyance of the property to a new homebuyer prior to the expiration of the prescribed affordability period. The HOME-assisted buyer must repay the full amount of the entire HOME subsidy less any owner-paid closing costs and owner equity included therein; provided, that if the property is sold for market value and net proceeds from the sale is insufficient to pay the full subsidy amount, the difference between the net proceeds and the HOME subsidy amount may be forgiven.

Conversion to Business or Rental Use: Full Recapture will occur upon sale or conversion of the property for rental or business purposes prior to the expiration of the prescribed affordability period. The HOME-assisted buyer must repay the full amount of the HOME subsidy. No pro-rata reduction may be made.

Each property assisted with HOME funds must also have deed restrictions that run with the land, in addition to the applicable affordability period. These restrictions ensure the property remains affordable to a low to moderate income household for the applicable period and stipulate that: 1) The property must be the principal and primary residence of the purchaser; 2) All or any portion of the property may not be used as rental property or as investment property; and 3) Any portion of the property assisted with HOME funds may not be used as a business.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Not Applicable – the Unified Government does not use HOME funds for this purpose.
Emergency Solutions Grant (ESG)
Reference 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

FY 2019 ESG funds were awarded by HUD under the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act). The HEARTH Act improves administrative efficiency and enhances response coordination and effectiveness in addressing the needs of homeless persons. The Act adds short- and medium-term rental assistance and services to rapidly re-house homeless people, and places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. In addition, the HEARTH Act provides grantees with the programmatic framework to maximize communitywide planning and strategic use of resources, and to improve coordination and integrate with mainstream services to increase efficiency, including services funded by other programs targeted to homeless people.

HUD drew from its recent program experience with the Homelessness Prevention and Rapid Re-Housing Program (HPRP), a temporary program, to establish the regulations for the ESG program, a permanent program. **These funds must exclusively be used for Street Outreach, Emergency Shelter, Homelessness Prevention Assistance, Rapid Re-housing Assistance, Homeless Management Information Systems (HMIS), and Administration.**

Refer to the Unique Appendices for the ESG Policy and Procedures.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Greater Kansas City Coalition to End Homelessness operates as the regional Continuum of Care applicant. Currently, the coordinated system in place is HMIS; all HUD and non-HUD funded agencies are required to enter beneficiary data into this system. Other CoC responsibilities include holding monthly membership meetings, adopt and follow written process to select a board to act on behalf of the CoC, collaborate with the HMIS lead.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The Unified Government submits a Request for Proposal in local newspapers and announces ESG funding allocations to the Continuum of Care membership. Eligible applicants are non-profit organizations and Continuum of Care participants; an ESG application must be submitted to the Program Coordinator of the grant program. The Unified Government coordinates with the Continuum of Care to evaluate applications and fund sub recipients. A ranking and reviewing committee (consist of 3-4 persons) will meet to score applicants based on the attached ranking and review scoring.
4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Sub-recipients are required to have participation of not less than one homeless individual or formerly homeless individual on the board of directors; this is verified through annual monitoring reviews and required documentation of board of directors and recent board minutes.

5. Describe performance standards for evaluating ESG.

There are two primary data sources CoC's and ESG recipients will use to collect system-level performance measures:

1. Sheltered and unsheltered PIT count data reported through HUD's Homelessness Data Exchange (HDX)
2. Client-level outcome information based on data collected in HMIS and unduplicated across all CoC and ESG projects that contribute data to HMIS with the CoC.

System Performance Measurement Parameters also include the following:

1. Project Type
2. Reporting Period
3. Client Universe (adults, leavers, stayers)
4. Setting Local Performance Targets
5. HMIS Bed Coverage and Data Quality

Please review attached performance and evaluation of projects procedures.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2018, 2020, [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

I. Program Description
ESG funds are awarded by HUD under the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act). The HEARTH Act improves administrative efficiency and enhances response coordination and effectiveness in addressing the needs of homeless persons. The Act adds short- and medium-term rental assistance and services to rapidly re-house homeless people, and places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. In addition, the HEARTH Act provides grantees with the programmatic framework to maximize communitywide planning and strategic use of resources, and to improve coordination and integrate with mainstream services to increase efficiency, including services funded by other programs targeted to homeless people.

HUD drew from its recent program experience with the Homelessness Prevention and Rapid Re-Housing Program (HPRP), a temporary program, to establish the regulations for the ESG program, a permanent program. These funds must exclusively be used for Street Outreach, Emergency Shelter, Homelessness Prevention Assistance, Rapid Re-housing Assistance, Homeless Management Information Systems (HMIS), and Administration.

II. Grant Terms
Grants will begin on October 1st and end on September 30th. It is required that 100% of the funds be expended by September 30th.

III. Target Population
This program is targeted to individuals and families who “but for” this assistance will become or remain homeless. The Unified Government of Wyandotte County/Kansas City, KS is requiring file documentation to verify need, as defined on the Homeless Certification, Form No. 2, and At Risk of Homeless Certification, Form No. 3. The amount of funds that will be available to recipients will likely not be enough to serve all persons at risk of homelessness; communities must prioritize funding as follows:

**Rapid Re-housing: Target**
1. Homeless Individual with a Disability, as defined by HUD. (See ESG Form No. 4)
2. Chronically Homeless (See ESG Form No. 2)
3. General Homeless (See ESG Form No. 2)
   - Zero income individuals and families can and should be assisted with ESG for rapid re-housing.

**Prevention:**
**Target**
1. Those closest to going to a shelter, car, or the street.
   - Risk factors for those most in need would include:
     - Extremely low incomes;
     - Criminal histories;
     - Behavioral health issues;
     - Poor employment histories.

Risk factors that make finding and maintaining housing more challenging should be used to screen people into assistance rather than screening them out.

IV. Use of the Funds:
There are six categories of eligible activities for these funds:
1. Street Outreach
2. Emergency Shelter
3. Homelessness Prevention Assistance
4. Rapid Re-housing Assistance
5. HMIS
6. Administrative

These eligible activities are intentionally focused on housing—either financial assistance to help pay for housing or services designed to keep people in housing or to obtain housing. This assistance is not intended to provide long-term support for program participants, nor will it be able to address all of the financial and supportive services needs of households that affect housing stability. Rather, assistance should be focused on housing stabilization, linking program participants to community resources and mainstream benefits, and helping participants develop a plan for preventing future housing instability.

**Street Outreach**

- Essential Services: services related to reaching out to unsheltered homeless individuals and families, connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care. Eligible costs include engagement, case management, and transportation for outreach staff.

**Emergency Shelter**

- Essential Services: Case management related to emergency shelter, referrals to employment, healthcare, substance abuse and related services within the community. (Note that referrals can be provided, however, direct case management for employment, health, substance abuse and other related services cannot be provided with these funds).
- Shelter Operations: including maintenance, rent, repair, security, fuel, insurance, and utilities.

**Homelessness Prevention Assistance**

- ** Housing relocation and stabilization services (case management).
- Leasing assistance, as necessary, to prevent the individual or family from becoming homeless when the assistance is necessary to help program participants regain stability in their current permanent housing or move into other permanent housing and achieve stability in that housing. Eligible costs include housing search and placement, housing stability case management, rental arrearages, leasing assistance, security deposits, utility deposits, utility arrearages, mediation, and cost for obtaining identification.

**Rapid Re-housing Assistance**

- ** Housing relocation and stabilization services (case management).
Leasing assistance as necessary to help individuals or families living in shelters or in places not meant for human habitation to move as quickly as possible into permanent housing and achieve stability in that housing. Eligible costs include housing search and placement, housing stability case management, leasing assistance, security deposits, utility deposits, utility arrearages, mediation, and cost for obtaining identification.

Both Prevention & Rapid Re-housing funds can be utilized for short-term and medium term assistance.

1. Short-term rental assistance is assistance for up to 3 months of rent.
2. Medium-term rental assistance is assistance for more than 3 months but not more than 24 months of rent.
3. Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.

*Rent restrictions.* (1) Rental assistance cannot be provided unless the rent does not exceed the Fair Market Rent established by HUD, as provided under 24 CFR part 888, and complies with HUD's standard of rent reasonableness, as established under 24 CFR 982.507.
**Housing Relocation and Stabilization Services** - Funds must be used to create and implement a comprehensive, easily accessible service and housing response system that addresses the needs of those who are homeless or at serious risk of homelessness.

**Eligible activities include:**

- Housing stabilization services include arranging, coordinating, linking and monitoring the delivery services that assist participants to obtain and sustain housing stability; this includes the salary of the Housing Resource Specialist(s)/Case Manager;
- Transportation/travel for supportive housing stabilization services, i.e. visit a participant;
- Costs associated with cell phones to support housing stabilization services.

**HMIS/Data Collection and Evaluation** will be conducted via HMIS. Cost associated with data collection is limited to one percent (1%) of the total grant amount. The HEARTH Act requires that data collection and reporting for ESG be conducted via HMIS.

- When providing utility assistance only, a utility service entry must be made in HMIS. If providing case management along with the utility assistance, an entry/exit must be entered in HMIS.
- Children residing in the household must be entered into HMIS.
- Eligible costs. (1) The recipient or sub recipient may use ESG funds to pay the costs of contributing data to the HMIS designated by the Continuum of Care for the area, including the costs of:
  a. Purchasing or leasing computer hardware;
  b. Purchasing software or software licenses;
  c. Purchasing or leasing equipment, including telephones, fax machines, and furniture;
  d. Obtaining technical support;
  e. Leasing office space;
  f. Paying charges for electricity, gas, water, phone service, and high-speed data transmission necessary to operate or contribute data to the HMIS;
  g. Paying salaries for operating HMIS, including:
     1) Completing data entry;
     2) Monitoring and reviewing data quality;
     3) Completing data analysis;
     4) Reporting to the HMIS Lead;
     5) Training staff on using the HMIS or comparable database; and
     6) Implementing and complying with HMIS requirements;
  h. Paying costs of staff to travel to and attend HUD-sponsored and HUD-approved training on HMIS and programs authorized by Title IV of the McKinney-Vento Homeless Assistance Act;
  i. Paying staff travel costs to conduct intake

**Administrative Costs** are limited to seven percent (7.5%) of the total grant amount. The Unified Government of Wyandotte County/Kansas City, KS retain all administrative funds. Eligible expenses include:

- Space costs (office space, utilities);
- Communication costs (printing, telephone, copying, postage);
- Supplies (paper, files, office supplies);
- Staff training for ESG related activities;
- Supervisor’s pay only if directly relates to supervision of ESG staff;

Documentation for administrative costs includes timesheets or a log of hours spent working on ESG administrative activities, invoices for supplies/materials, phone bills, utilities etc.
Financial Assistance is available for persons who are income eligible, have a demonstrated housing crisis, and lack necessary resources. Funds must be targeted based upon individual assessments of personal need. Each program participant must have a Housing Plan developed that identifies defined goals, outcomes, and timelines that provides a framework for achieving housing stability. Financial assistance includes: rental assistance, rental arrearages, security deposits, utility deposits and utility arrearages.

The following criteria must be met for people who are homeless or those who are at risk of homelessness to qualify for resources and/or support under this program:

- An initial consultation with a Housing Resource Specialist/Case Manager to determine need must be held and entered in HMIS and in the participant’s file. The households must meet the following circumstances:
  a) No appropriate, subsequent housing options have been identified; AND
  b) Lacks the financial resources and support networks needed to obtain immediate housing or remain in their existing housing, AND
  c) Have income below 30% AMI for prevention assistance.

The Unified Government of Wyandotte County/Kansas City, KS will grant ESG funds for Domestic Violence (DV) shelters to be used for shelter operations and case management services. The Unified Government of Wyandotte County/Kansas City, KS will determine agency funding and amounts. DV service providers receiving these funds must be a participating member in the CoC Planning Body.

V. Roles and Responsibilities of CoC and Sub-grantees

Determine whether funding for some projects, in whole or in part, should be reallocated to make resources available for new efforts.
- Prioritize the use of ESG funds for proven strategies, especially rapid re-housing for those experiencing chronic homelessness. Note: people cannot be denied rapid re-housing because of zero income.
- Explore partnerships with mental health or substance abuse providers to provide the “support” for permanent supportive housing.
- Partner with programs that serve veterans in your community; link them to VA services and supports.
- Require ESG grantees to embrace strength-based case management.

**Access, Assessment, Prioritization, & Referral Process**

ESG funded agencies must adhere to the CoC, Greater Kansas City Coalition on Ending Homelessness (GKCCEH), Coordinated Entry System policy. You may find the updated policy at [http://www.endkchomelessness.org/index.html](http://www.endkchomelessness.org/index.html)

1. **Access** refers to how people experiencing a housing crisis learn that coordinated entry exists and access crisis response services. It is comprised of all entry points to a local housing and service system, which includes physical front doors, outreach teams, hotlines, virtual access, after-hours access, etc.

2. **Assessment** is the process of gathering information about the person presenting to the crisis response system. It includes documenting information about the barriers a person faces to being rapidly rehoused and any characteristics that might make the person more vulnerable while homeless. The assessment process must also appropriately triage the person by asking about immediate needs, accurately evaluating the person’s vulnerability and barriers to housing, and providing information to support accurate referrals.
3. Prioritization refers to the process that takes place after a person experiencing a housing crisis has been assessed. Prioritization is used to determine the person’s priority for housing and supportive services; the person’s prioritization status then drives the referral process.

The GKCCEH CoC utilizes a prioritization process that aligns with existing CoC Program and ESG Program written standards established under HUD regulations 24 CFR 578(a)(9) and 24 CFR 576.400(e).

4. Referral describes the process of referring persons experiencing homelessness to housing and/or service openings, utilizing the CoC prioritization policy. Essentially, it is a match that coordinated entry makes between the needs and prioritization level of the person experiencing a housing crisis and the housing and supportive services projects that are available in the crisis response system.

**Housing Plan**

A Housing Plan **must** be completed for all individuals that receive a housing assessment **and** are determined eligible for services. (If the household does **not** meet program eligibility, e.g. over income, a housing plan does **not** need to be done). The Housing Plan is intended to be a guide for both the household and the service agencies. Housing Plans must be framed to include:

- A focus on obtaining or maintaining housing;
- Defined goals, outcomes and timelines, as well as documentation of frequency of meetings for follow-up;
- An identification of needed community resources;
- Referrals to mainstream services, as needed;
- An attached copy of the housing assessment.

The Unified Government of Wyandotte County/Kansas City, KS has not prescribed a time limit for households to find housing. These funds are targeted as shown in Section III: **Target Population** and then utilized on a first-come/first-serve basis until exhausted. The expectation is that housing resource specialists/case managers will work closely with households to secure housing.

Individual(s) receiving rental assistance may receive housing stabilization services (such as credit repair/mediation and housing search/placement) if they meet ESG eligibility criteria and without stabilization services would become homeless.

Homeowners and renters living in condemned property are at risk of homelessness and may be eligible for Prevention assistance if the unit meets Habitability Standards Inspections, if not, they are eligible for Rapid Rehousing services.

**Ineligible Activities**

These funds cannot be used to expand the number of beds in an existing shelter, to supplant existing mainstream resources or for mortgage payments. Payments can only be made to third parties, such as landlords; payments cannot be made to program participants. However, a CoC can decide what percent of the household’s income is paid toward rent. Calculating Income:
The requirements for determining whether a family is eligible for assistance requires intake staff to project or estimate the annual income the household expects to receive. Generally, current circumstances must be used to estimate income, and annual income is projected by annualizing current income.

Convert all income to an annual figure by multiplying the pay rate by the frequency of payment:
- Multiply hourly wages by the number of hours worked per year. Full-time employment (40 hours a week and no overtime) is 2,080 hours (40 hrs. X 52 weeks = 2080 hours). (10 hours a week X 52 weeks = 520 hrs. per year).
- Multiply weekly wages by 52.
- Multiply bi-weekly wages by 26.
- Multiply semi-monthly wages by 24.
- Multiply monthly wages by 12.
- Multiply daily wages by 260 (full time/no overtime).
- To convert monthly amount to weekly, divide by 4.3.
- Round up to the nearest dollar at .50 and above (except SS payments, which are always rounded down).
- Unemployment compensation should be calculated assuming current circumstances will last a full 12 months. If changes occur later in the year, an interim recertification can be conducted to change the family’s rent.

Calculating Income from Assets:
When calculating income from assets, include assets of all household members including assets of minor children. Income earned from assets is included in the gross income calculation (not the actual value of the asset). If a program participant has a savings account with a $500.00 balance, earning 1% interest, $5.00 would be added as household income.

Assets Include:
- Bank Accounts
- Life Insurance policies
  - Lump sum additions
  - Personal Property held as Investments
  - Retirement/Pension funds
- Trusts
- Assets disposed of for less than Fair Market Value
- Stocks, Bonds, Mutual Funds, etc.
- IRA, Keogh, Annuities and Similar Retirement Accounts

Assets Exclude:
- Necessary Personal Property
- Assets not Accessible to Family
- Business or Farming Operation Assets
- Interest in Indian Land trusts
- Equity in Cooperatives & Manufactured Homes
- Vehicles/Special Equipment for Disabled

The calculation to determine the amount of income from assets to include in annual income considers both of the following:
• The total cash value of the family’s assets; and
• The amount of income those assets are earning or could earn.

The rule for calculating income from assets differs depending on whether the total cash value of family assets is $5,000 or less, or is more than $5,000.

If the total cash value of the family assets are:
• Less than or equal to $5,000:
  • Use the actual income earned from assets (i.e., interest and dividends); or
• Greater than $5,000, use the greater of:
  • Actual income earned from assets, or
  • Imputed income from assets based upon passbook rate approved by HUD (0.06%). (Imputed Income is HUD’s approved passbook rate multiplied by the total cash value of assets).

Checking/Savings Accounts

• The cash value of a checking and savings account is the current balance.

VII. Housing Documents

Lease
A lease is required for households receiving financial assistance. Financial assistance includes: rental assistance, rental arrearages, security deposits, utility deposits, and utility arrearages. All household members must be listed on the lease and a copy of the lease must be maintained in the participant file. For individuals moving into a new unit, the unit must meet habitability standards before the lease is signed and the household moves in. For households already residing in a unit, the unit must meet habitability standards before financial assistance can be provided.

If rental and utility arrearages are paid, the participant must have had a valid lease in place covering the arrearage period. The rental arrearage amount paid each month cannot exceed the FMR.

If the Landlord agrees to lower the rent to comply with the FMR, a new lease or lease addendum must be signed stating the new rental amount and a copy placed in the file. The rent amount charged after the household’s leasing assistance has ended is between the landlord and the tenant.

Utility Arrearages from a Previous Address for Re-housing Participants

Utility arrearages for a previous address may be made, regardless if it was not the household’s last address.
• Before making payment for utility arrearages, the case manager must document in the participant’s file with either verbal or written documentation from the utility company that by paying a specified amount, the utilities will be turned on for the household by the utility company at the new address.
• A copy of the disconnection notice must be in the participant file.
• ESG funds may pay for up to 24 months of utility payments per program participant, per service, including up to 6 months of utility payments in arrears, per service. A partial payment of a utility bill counts as one month. This assistance may only be provided if the program participant or a member of the same household has an account in his or her name with a utility company or proof of responsibility to make utility payments. Eligible utility services are gas, electric, water, and sewage. No program participant shall receive more than 24 months of utility assistance within any 3-year period.

Rent Reasonableness - ESG Form No. 10 (Prevention and Rehousing)
Rent comparables are required for all households receiving financial assistance (i.e. rental assistance, rental arrearages, security deposits, utility deposits, and utility arrearages). ESG assisted units must rent for a reasonable amount, compared to rents charged for comparable, unassisted units. Sub-grantees must document the basis for their rent reasonableness determinations. The prescribed form provides a rent analysis for three (3) comparable unassisted units. Although it is acceptable to use three (3) unassisted units in the same apartment complex, it is recommended that two comparable units be located in other complexes/locations. Kansas Housing Locator (www.kshousingsearch.org or www.kcmetrohousing.org) may also be used to determine rent reasonableness.

**Prevention and Re-housing**
All units must be inspected before financial assistance can be provided (i.e. rental assistance, rental arrearages, security deposits, utility deposits, and utility arrearages). Landlords and tenants must be notified of the date and time of the inspection and the tenant or the landlord or an adult representative must be present at the housing unit during the inspection.

**Habitability Standards Inspection Form – ESG Form No. 12 (Prevention and Re-housing)**
All units must meet Habitability Standards before financial assistance (i.e. rental assistance, rental arrearages, security deposits, utility deposits, and utility arrearages) can be provided. For individuals moving into a new unit, the unit must meet Habitability Standards before a lease is signed and the household moves into the unit. If water/utilities are not on at the time of initial inspection, a follow-up inspection must be done within 10 days of the water/utilities being turned on. If sub-grantees do not have the staff available to conduct inspections Form No. 11 must be completed.

**Lead-Based Paint Inspection - ESG Form Nos. 11 and 12 (Prevention and Re-housing)**
Lead-Based Paint Inspection is required for properties built before 1978 and if a child age 6 or younger or a pregnant woman will be residing in the unit. The inspection may be visual; however, if the child age 6 or younger has been identified with an Identified Environmental Intervention Blood Lead Level, the inspection must be done by a Certified Lead-Based Paint Risk Assessor (ESG Form No. 11). All households must be provided with the HUD pamphlet, *Protect Your Family from Lead in Your Home (Form 14)*. Receipt of this pamphlet must be documented utilizing ESG Form No. 13. If sub-grantees do not have the staff available to conduct Habitability Inspections or Lead-Based Paint Inspections, Form No. 11 must be completed.

**Rental Assistance Agreement – ESG Form No. 15 (Prevention and Re-housing)**
This Agreement covers ESG “Tenant-Based” Rental Assistance and must be completed by the case manager and Landlord when providing rental assistance under both the homelessness prevention and rapid re-housing components of the ESG Program. When paying rental arrears only a Rental Assistance Agreement is required as arrears are considered rental assistance. The Rental Assistance Agreement does not take the place of the lease between the program participant and landlord.

**VIII. Program Support Information**

**Occupancy Standards**
The Unified Government of Wyandotte County/Kansas City, KS has developed occupancy standards that comply with HQS requirements and outline how the number of bedrooms required by the household will be determined. The following basic standards can be modified to take into consideration specific household composition and circumstances (i.e., pending child custody cases, chronic illnesses, family member who is absent most of the time).

- No more than two persons are required to occupy a bedroom;
- Persons of different generations (i.e., grandparents, parents, children), persons of the opposite sex (other than spouses/couples) and unrelated adults are not required to share a bedroom;
- Children of the same sex (regardless of age) and couples co-habiting (whether or not legally married) must share the same bedroom for purpose of assigning the number of bedrooms;
- A live-in care attendant who is not a member of the family is not required to share a bedroom with another household member;
• Individual medical problems (i.e., chronic illness) sometimes require either separate bedrooms for household members who would otherwise be required to share a bedroom or an extra bedroom to store medical equipment;
• In most instances, a bedroom is not provided for a family member who will be absent most of the time, such as a member who is away in the military.

Occupancy standards are used to provide consistent criteria for determining the unit size for which the household is eligible and thus, the amount of assistance to be provided. Fair housing rules permit a household to select smaller units that do not create seriously overcrowded conditions. A tenant may select a larger unit if it meets the FMR for the actual number of bedrooms for which they are eligible according to the eligibility guidelines. Tenants are not allowed to give the landlord additional funds for larger units.

• **Undersized Units:** If a family elects to occupy a unit with fewer bedrooms than specified in the Occupancy Guidelines, the FMR is based on the actual number of bedrooms;
• **Oversized Units:** If a family elects to occupy a unit with more bedrooms than specified in the Occupancy Guidelines, the FMR is based on the number of bedrooms specified in the Occupancy Guidelines.

If an additional bedroom is required for an individual who would normally be required to share a room, the reason must be documented in the file. For example: If an additional room is needed because of a medical condition, documentation may be a note from their doctor; otherwise, if the case manager determines an additional room is needed (medical condition, care-giver, medical equipment etc.) the case manager must document the reason in the case management notes.

In cases where college students and children staying only for weekends etc., the amount of time spent in the unit should be taken into consideration before assigning additional bedroom(s). ESG assistance is short-term and a smaller unit is acceptable if it does not create serious overcrowding; a living room can be counted as a sleeping room. If student/children will be in the unit the majority of the time and future rent will not be a burden, then an additional bedroom can be assigned.
A separate bedroom cannot be issued for an unborn child. Once the baby is born a second bedroom can be issued unless the baby has an older, same sex sibling who has already been issued a bedroom.

**Single Room Occupancy, Efficiency or Studio Units, Mobile Home or Trailers, Manufactured Housing**

**Single Room Occupancy**

Single room occupancy (SRO) unit provides living and sleeping space for the exclusive use of the occupant but requires the occupant to share sanitary and/or food preparation facilities with others. No more than one person may occupy an SRO unit.

• ESG assistance may be provided using SRO Fair Market Rent + utilities.
• When providing ESG assistance in an SRO unit, there must be a lease in place.
• Because no children live in SRO housing, the Housing Quality Standards applicable to lead based paint do not apply.
• **However, additional Habitability Standards do apply:**

  **Access:** Access doors to the SRO unit must have working locks for privacy. The occupant must be able to access the unit without going through any other unit. Each unit must have immediate access to two or more approved means of exit from the building, appropriately marked and leading to safe and open space at ground level. The SRO unit must also have other means of exit required by State or local law.

  **Fire Safety:** All SRO facilities must have a sprinkler system that protects major spaces. Major spaces are defined as hallways, common areas, and any other areas specified in local fire, building or safety codes. SROs must also have hard-wired smoke detectors, and any other fire and safety requirement required by state or local law. Sanitary facilities and space and security standards must meet local code requirements for SRO housing. In the absence of local code standards the requirements discussed below apply [24 CFR 982.605]:
Sanitary Facilities: At least one flush toilet that can be used in privacy, a lavatory basin and a bathtub or shower in proper operating condition must be provided for each six persons (or fewer) residing in the SRO facility. If the SRO units are leased only to men, flush urinals may be substituted for up to one half of the required number of toilets. Sanitary facilities must be reasonably accessible from a common hall or passageway, and may not be located more than one floor above or below the SRO unit. They may not be located below grade unless the SRO units are located on that level.

Space and Security: An SRO unit must contain at least 110 square feet of floor space, and at least four square feet of closet space with an unobstructed height of at least five feet for use by the occupant. If the closet space is less than four square feet, the habitable floor space in the SRO unit must be increased by the amount of the deficiency. Exterior doors and windows accessible from outside the SRO must be lockable.

- All other ESG eligibility requirements apply.

Efficiency or Studio Units
Definition: A small apartment unit which combines living room, bedroom, and kitchenette into a single room. Efficiency apartments are sometimes smaller than studio apartments.

- ESG assistance may be provided based on 0-bedroom size at Fair Market Rent + utilities.
- All other ESG eligibility requirements apply.

Mobile Home or Trailers: A structure that is transportable in one piece and can be moved from one place to another. The term ‘mobile home’ or ‘trailer’ is often used interchangeably.

ESG funds may assist with these recognized housing units as long as they are securely attached to a stationary pad, i.e. tied down. The pad may be either a poured basement, concrete slab on grade or, must be securely anchored to the site; the unit may or may not have a ‘tongue’ removed; the unit may or may not be ‘skirted’. Many of these conditions are dependent upon local code requirements.

- ESG will not pay for any unit that can be attached to a vehicle and readily moved from location-to-location.
- ESG will not pay for units that are intended for recreational purposes such as campers or tents.

Housing Resource Specialists/Case Managers shall use discretion when committing ESG funds for the use of these units and documentation must be in the file.

- In order to provide ESG assistance a lease must be in place.
- ESG assistance may be made for the unit size FMR amount and may include the lot rent if it is written in the lease as such.

**FMR amount + lot rent amount should NOT be added together to obtain FMR.** It is one or the other, not both. (Utilities would also need to be considered as part of the FMR.)

- Persons receiving ESG assistance may not pay the ‘difference’ in order to ‘qualify’ under FMR amounts.
- ESG may assist those who own units but cannot afford to pay lot rent.
- All other ESG eligibility requirements apply.
- Rent Reasonableness is based on comparable units taking into consideration location and size of unit.
- Units may be in a community setting or on private property.
- **Additional Habitability Standards do apply:**

**Security:** A mobile home or trailer must be placed on the site in a stable manner and must be free from hazards such as sliding or wind damage. The home must be securely anchored by a tie-down devise that distributes and transfers the loads imposed by the unit to appropriate ground anchors to resist overturning and sliding.
Manufactured Housing - A manufactured home is a manufactured structure transportable in one or more parts that is built on a permanent chassis and designed for use as a principal place of residence.

Fair Market Rent and Rent Reasonableness
To provide rental assistance with ESG funds, the rental rate plus utilities cannot exceed both HUD’s published FMR and/or the rent reasonableness standards, i.e. the three rent comparables. Otherwise stated, Contact Rent + Utilities = Gross Rent. The Gross Rent cannot exceed the FMR or the three (3) rent comparables provided in the file. Grantees must:
- Calculate the utility allowance for tenants paying their own rent using KCK Section 8 Utility Allowance Schedule. Add the rental rate and utilities together to determine the gross rent. The rent + utilities cannot exceed FMR. Again, contract rent + utilities = gross rent, which cannot exceed the FMR.
- Complete the revised Rent Reasonableness Checklist and Certification. The rents shown as comparable must be equal to or less than the gross rent of the proposed rental.

Calculating Gross Rent
- If tenants are responsible for paying their own utilities, the monthly utility allowance must be added to the contract rent amount to calculate gross rent, to determine whether the unit meets the FMR and rent reasonableness standards. Utility costs may include gas, electric, water, sewer, and trash. Telephone, cable or satellite television service and internet service are not included in FMRs and are not allowable costs under ESG. The Utility Allowance Schedule is posted on the KCK Housing Authority Section 8 Website at KCK Section 8 Utility Allowance Schedule.

To determine whether rent is acceptable for ESG rental assistance, the gross rent (rent + utilities) for the current or new unit must first be compared with FMR limits. If the unit’s gross rent is at or below FMR limits, then the gross rent must be used to determine rent reasonableness.

- If the gross rent for the unit is below both the FMR and the rent reasonableness standard, then ESG funds may be used to pay rent for the unit.
- If the gross rent for the unit exceeds either FMR or rent reasonableness standard, ESG funds cannot be used to pay any portion of the rent.
- If the reasonable rent for a specific unit in a community is lower than the FMR, then the rent for the unit assisted with ESG funds must not exceed the lesser of the FMR or the rent reasonableness standard.
- If the gross rent for the unit exceeds either the rent reasonableness standard or FMR, ESG recipients are prohibited from using ESG funds for any portion of the rent, even if the household is willing and/or able to pay the difference.

Deposits
Security deposits. ESG funds may pay for a security deposit that is equal to no more than 2 months' rent; utility deposits are an eligible activity if needed. Deposits will remain with the household.

Participation in Support Services
Support services cannot be mandated for individual(s) receiving ESG assistance. Households who are income eligible but fail to make an effort to find employment, secure income, apply for other rental assistance programs etc. although they demonstrated the ability to sustain housing at the time of entry cannot have their assistance terminated based on this criteria. Participants enter as eligible for three (3) months; they cannot be promised any certain length of assistance (i.e. assistance will be offered/paid month-by-month within the qualifying limits).

CFDA Number
The Catalog of Federal Domestic Assistance (CFDA) number for ESG is 14.231.

Insurance Coverage
All recipients of ESG funds must carry General Liability Insurance. The Grantee must maintain documentation of insurance coverage from sub-grantees.

**Grant Management**

*Eligible expenses incurred prior to October 1st will not be paid.* The billing start date must not be prior to HUD’s fiscal start date.

Grant Amendments: Changes to the budget must be submitted by August 31st for Grants ending September 30th.

Recaptured funds: If funds are recaptured, next year’s Grant will be reduced by 50% of the recaptured amount (if $10,000 is recaptured, next year’s Grant will be reduced by $5,000).

Budget Deviations:
- For changes within a budget component (ex: Re-housing Financial Assistance – moving funds from leasing assistance to security deposit) and changes between budget components (ex: moving funds from Prevention Financial Assistance to Re-housing Financial Assistance)- a letter of request must be submitted to the Unified Government of Wyandotte County/Kansas City, KS ESG Program Coordinator; a review of the request will be approved by the Director of Community Development.

*Note: Review ESG Recapture and Reallocation Policy can be found at http://www.wycokck.org/CommDev/Programs.aspx

**Records Management**

- File Retention: ESG client files, financial records to support billings, and homeless preference documentation must be retained for six (6) years after the grant has been closed.

**Monitoring Protocol**

Unified Government sub-recipient monitoring guide can be requested.

**Program Participant Termination – Formal Due Process**

Sub-grantees terminating a program participants’ ESG assistance for violating program requirements must provide a formal termination process that recognizes the rights of individual(s) to due process of law. *The formal process is only required after a participant has received assistance and is then terminated from receiving continued assistance.* This process, at a minimum, must consist of the following:

- Written notice to the program participant containing a clear statement of the reasons for termination;
- A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination; and,
- Prompt written notice of the final decision to the program participant.

If a participant is deemed ineligible to receive ESG assistance, Sub-grantees must document the reasons for denial and inform the applicant(s) in writing of the denial. Assistance to a program participant who has been terminated from the program may resume at a later date. ESG assistance will be determined on a case-by-case basis for individual(s) who have lost their Section 8, TBRA, or Shelter Plus Care vouchers due to program violations, eviction, or misconduct eligibility. Housing resource specialists/case managers may contact their Homeless Assistance Specialist, CoC or ESG Program Coordinator for guidance.

**Fraud Procedures**
When an agency finds or hears of fraudulent use of ESG funds, they are required to report the situation via e-mail or letter form to the Unified Government of Wyandotte County/Kansas City, KS  ESG Program Coordinator.

**Annual Performance Reports**

- The Project Annual Performance Matrix Report is due annually.

**IX. Other Federal Requirements**

Recipients must comply with the following other federal requirements: Fair Housing Act; Uniform Administrative Requirements; Nondiscrimination in Federally Assisted Programs; Age Discrimination Act; American’s with Disabilities Act; Equal Employment Opportunity Programs; Monthly Business Enterprises; Women’s Business Enterprise; Drug Free Workplace; Debarred, Suspended, Ineligible Contractors; Affirmative Outreach; Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act.

**X. Definitions**

**Area Median Income**: The area median divides the household income distribution into two equal parts: one-half of the cases falling below the median household income and one-half above the median.

**By-Name List (BNL)** – The BNL is a list of households experiencing homelessness, who have been prioritized based on assessed need. The BNL comprises the entire geography of the CoC, and serves as the primary referral and placement source for CoC and ESG funded PH programs.

**Case Management** - Case management refers to a collaborative and planned approach to ensuring that a person who experiences homelessness gets the services and support that they need to maintain a better quality of life. Case management is strengths based & trauma informed. A client-centered case management approach ensures that the person who has experienced homelessness has significant input in identifying goals and service needs, and that there is shared accountability. The goal of case management is to empower people, draw on their own strengths and capabilities, and promote an improved quality of life by facilitating timely access to the necessary supports and thus reduce the risk of homelessness and/or help them achieve housing stability.

**Chronic Homelessness** – An individual or family is defined as chronically homeless when the following conditions have been met: 1) Head of household or minor head of household has a documented disabling condition, AND 2) The household has either been continuously homeless for a period of 12 or more months (1 year or more) OR has had at least four distinct & documented episodes of homelessness (each 30 days or longer) in the previous 3 year period and where each break is 7 days or longer, which cumulatively equal 365 days or more.

**Client Choice** – Client choice means clients are actively making their own decisions in regard to receipt of services, treatment options, types of programs to participate in, and where they choose to live.

**Continuum of Care (CoC)** – A CoC is a regional or local planning body comprised of agencies, organizations & individuals who have an interest in ending & reducing homelessness, that coordinates policies, strategies, targeted funding
processes, and activities toward ending homelessness for a defined geographic area set by the department of Housing & Urban Development (HUD). Its work includes gathering and analyzing information in order to determine the local needs of people experiencing homelessness, implementing strategic responses, educating the community on homeless issues, providing advice and input on the operations of homeless services, and measuring project and system level CoC performance.

**Continuum of Care (CoC) Lead Agency** – The Continuum of Care (CoC) Lead is the agency that is designated to carry out the activities of the CoC or CoC planning grant including fiscal and compliance activities. Regular administrative tasks include, but are not limited to: management of the annual HUD application process, coordination of other funding opportunities, project and system monitoring, meeting management, etc.

**Coordinated Entry (CE)** – Mandated by the 2009 HEARTH Act, Coordinated Entry is a centralized process through which people experiencing or at risk of experiencing homelessness can access the crisis response system in a streamlined way. Once entered into the C.E. system, clients will have their strengths and needs quickly assessed, so they may be more efficiently and effectively connected to appropriate housing and supportive services within the community. Centralization of this process enables households to more readily access the best options to address their needs, and emphasizes participants’ choice over evaluation for a single program within a complex matrix of systems. Through the Coordinated Entry process, the most intensive and readily accessible interventions are prioritized for those with the highest vulnerability and severity of need.

**Coordinated Entry processes help:**
- communities prioritize assistance based on vulnerability and severity of service needs
- provide information about service needs and gaps to help communities plan strategies that more effectively target the distinct needs of their population

Individuals in the CoC’s geographic area can expect fair and equal access to the Coordinated Entry process, regardless of where or how they present for services. The commitment to fair and equal access means the process for accessing help is well-known and understood to both homeless service providers and those experiencing homelessness. Individuals may obtain access to the Coordinated Entry system in person, by phone, or through identifying themselves as homeless when speaking with a homeless service provider.

CoCs may have different processes for assessing clients for Coordinated Entry, including different access points and assessment tools for the following populations: (1) adults without children, (2) adults accompanied by children, (3) unaccompanied youth, or (4) households fleeing domestic violence. CE assessment tools should be brief and require a short amount of time to utilize. Tools should also be easily-administered by non-clinical staff including outreach workers, and easy for those being assessed to understand.

**Emergency Shelter (ES)** - Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless.

**Homeless Management Information System (HMIS)** - A Homeless Management Information System (HMIS) is a local information technology system. This system is used to collect and aggregate client-level data regarding the provision of housing and services to homeless individuals and families, as well as to persons at risk of homelessness. Each Continuum of Care is responsible for selecting an HMIS software solution that complies with HUD’s data collection, management, and reporting standards. Agencies receiving HUD and/or HHS funds through CoC, ESG, RHY, PATH, SSVF, etc. are required to participate in HMIS. GKCCEH encourages the use of HMIS by all members and service providers within the CoC, regardless of funding sources.

**Homeless Management Information System (HMIS) Lead Agency** – The HMIS Lead Agency is the entity, organization or government department designated by the CoC to administer and manage the HMIS. The HMIS Lead Agency is evaluated by the CoC on an annual basis.
**Housing First (HF)** - Housing First is a low-barrier homeless assistance approach that prioritizes providing people experiencing homelessness with permanent housing as quickly as possible. The Housing First model is grounded in the belief that people need basic necessities like food and a place to live before attending to activities such as finding employment, addressing substance use issues, or participating in counseling or life skills classes. Housing First is a strengths-based approach to improving the quality of life of individuals experiencing homelessness, which places a strong emphasis on valuing client choice— in housing preference, defining goals and associated tasks, and participation in supportive services. What is most critical to the Housing First approach is that it does not mandate participation in services before obtaining housing or as a condition of program participation.

**Housing First is mandated for CoC/ESG-funded Permanent Housing programs, and strongly encouraged for Transitional Housing and Emergency Shelter programs.**

**Levels of Housing First Intervention:**

**All programs should offer voluntary, but engaged services,** meaning supportive services are proactively offered to help clients achieve and maintain permanent housing, but do not require clients to participate in services as a prerequisite or condition of housing.

- **No-barrier admission policy** - Programs that provide individuals with private or semi-private accommodations for an unspecified duration with no treatment demands or requirements. Such programs provide a housing environment that is safe, stable, and flexible, and offer (not require) services non-intrusively and as the resident is ready.

- **Low-barrier admission policy** – Homeless programs having low-barrier admission policies are those who place the fewest possible expectations on participants upon entry. Policies should be designed to “screen-in” rather than “screen-out” applicants with the greatest barriers to housing, such as having no or very low income, poor rental history, past evictions, severe and persistent mental illness, disability, and/or criminal records.

- **Few to no programmatic prerequisites to housing** – Clients are offered permanent housing with no programmatic preconditions such as demonstration of sobriety, completion of drug, alcohol or mental health treatment, or agreeing to comply with a treatment regimen upon program entry.

**Housing Locator:** The Kansas Housing Locator identifies affordable housing and can be found at www.KSHousingSearch.org or KCMetroHousing.org. The Housing Locator may be helpful in rapidly re-housing people.

**Housing Plan:** A Housing Plan must be completed for all individuals accepted into the ESG program. The Housing Plan is intended to be a guide for both the household and the service agencies.

**Housing Resource Specialist:** Recognized worker steeped in housing with a basic understanding of rental assistance programs such as TBRA and Shelter Plus Care. This worker knows the local rental housing stock and its turnover rate, area landlords, and the condition of their property.

Housing Resource Specialists must receive training to make the centralized intake and housing assessment process effective. Activities performed by a Housing Specialist include: intake; assessment; creation of a Housing Plan that includes a path to permanent housing stability subsequent to these funds; arrangement, coordination, monitoring, and delivery of services to assist participants to obtain housing stability. Component activities may include: housing counseling, developing, securing, and coordinating services, monitoring and evaluation of program participant progress, and assuring that the program participants’ rights are protected.

**Key Partners include:** CoC Body, Greater Kansas City Coalition on Ending Homelessness (GKCCEH).
**Leasing Assistance:** Units cannot exceed the FMR standards. Leasing payments must be made directly to the Landlord.

**Memorandum of Understanding (MOU):** A document to define the roles between all parties. Sharing of information is required. (See Participant Releases definition above.)

**Participant Releases:** Releases that reflect the MOU’s to assure all parties charged with caring for participants may share information. A single “Community Release” may be appropriate. This agreement/MOU defines the local sharing practice and is required to allow interagency sharing through HMIS (Domestic Violence Agencies use alternative system). Signatories on the agreement include those agencies who are working collaboratively with the person(s) receiving assistance.

**Partners:** organizations, agencies and members of the public who fund programs or interact regularly with people in crisis, poverty, or at risk of homelessness. These may include the following:

- Head Start and Early Head Start Agencies;
- Department of Human Services; Child Welfare Agencies; Unemployment Offices;
- WIC Agencies; Hospitals and Health Clinics; Mental Health Agencies;
- Public Housing Agencies; Public Housing Tenant Associations; Property Managers/Landlords;
- Utility Companies;
- Substance Abuse Treatment Programs; Domestic Violence Programs;
- Food Banks; Community Action Agencies; Help Lines (and 211 lines);
- Police; Jails; Prisons; and Probation Offices; Courts;
- Culturally Specific Organizations; Shelters and Homeless Assistance Providers; Veterans Services Organizations; Legal Aid Agencies; School Homeless Liaisons; Community Resource Centers;
- Family Support Centers; Businesses; Workforce Centers;
- Churches and other Faith-Based Organizations

**Prevention Assistance** - Prevention Assistance is the practice of providing short to medium-term supportive services and financial assistance to households at-risk or at imminent risk of homelessness. Prevention connects people with the care and support needed to maintain their housing.

**Progress Engagement:** Providing just enough assistance to help a household get by each month while providing case management that leads to self-sufficiency.

**Rapid Re-Housing (RRH)** - RRH Programs provide temporary, time limited financial assistance, including rental and utility subsidies, offering supportive services to help those who are experiencing literal homelessness to be quickly re-housed and stabilized in permanent rental housing of their choosing. Consumers must meet criteria for Category 1,3 or 4 of the HUD Definition for Homelessness.

**Residency:** ESG assistance must be based upon an individual(s) county of residence; individual(s) cannot receive assistance based on their county of employment. There is no minimal time limit for residency in order to be considered for ESG assistance.

**Strengths Based Approach** - A theory utilized in social work practice that emphasizes people’s self-determination and strengths to deploy empowerment. It is a philosophy and a way of viewing clients as resourceful and resilient in the face of adversity. The goal is to work with people with a focus on their natural abilities and capabilities with the assumption that people already have various competencies and resources that may be used to improve their situation.

**Subsidized Housing** - Subsidized housing is a private or government sponsored economic assistance program aimed towards alleviating housing costs and expenses for people with low to moderate incomes; all or part of client rents are paid by for by the assistance program.
Subsidy – A subsidy is a payment made on behalf of a client related to housing needs such as rent, utilities, or arrears. Subsidy payments may be part or all of an amount owed by the client, determined by the providing agency, typically based on client need. Subsidies are typically provided either on a one-time or pre-determined ongoing basis.

Uniform Administrative Requirements (UAR): Local governments: see OMB Circular A-87; and non-profits: see OMB Circular A-122. These circulars establish principles and standards to provide a uniform approach for determining allowable costs when working with federal grants. Go to www.hud.gov.

VAT – Vulnerability Assessment Tool The VAT provides a structured way of measuring an individual's vulnerability to continued instability. By rating an individual's level of functioning or severity of condition across 10 domains, a comprehensive assessment of vulnerability can be reached and then compared with vulnerability assessments of other people experiencing homelessness. The assessment process entails a structured interview followed by completion of the rating scales. The tool is designed for use by service workers accustomed to interacting directly with individuals experiencing homelessness, and training is required to ensure reliable application of the tool. VAT allows providers to do two things: 1) to develop an objective sense of an individual's vulnerability to continued instability; 2) to distinguish among the many adults experiencing homelessness in the community who have also had a vulnerability assessment.
