INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

---

Board of Commissioners  
**Unified Government of Wyandotte County /  
Kansas City, Kansas**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Unified Government of Wyandotte County / Kansas City, Kansas (Unified Government), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Unified Government's basic financial statements, and have issued our report thereon dated June 26, 2020. Our report includes a reference to other auditors who audited the financial statements of the Board of Public Utilities, as described in our report on the Unified Government's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Unified Government's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Unified Government's internal control. Accordingly, we do not express an opinion on the effectiveness of the Unified Government's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Unified Government's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT  
ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL  
AWARDS REQUIRED BY THE UNIFORM GUIDANCE

---

Board of Commissioners  
**Unified Government of Wyandotte County /  
Kansas City, Kansas**

**Report on Compliance for Each Major Federal Program**

We have audited the Unified Government of Wyandotte County / Kansas City, Kansas' (Unified Government) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Unified Government's major federal programs for the year ended December 31, 2019. The Unified Government's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The Unified Government's basic financial statements include the operations of the Board of Public Utilities, a major fund, whose federal awards are not included in the Schedule of Expenditures of Federal Awards for the year ended December 31, 2019. Our audit, described below, did not include the operations of the Board of Public Utilities, which engaged other auditors to perform an audit in accordance with the Uniform Guidance.

***Management's Responsibility***

Management is responsible for compliance with the federal statutes, regulations, contracts, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Unified Government's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Unified Government's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Unified Government's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Unified Government complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs for the year ended December 31, 2019.

### ***Other Matters***

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2019-001. Our opinion on each major federal program is not modified with respect to these matters.

The Unified Government's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Unified Government's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control over Compliance**

Management of the Unified Government is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Unified Government's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Unified Government's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any

deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2019-001 that we consider to be significant deficiencies.

The Unified Government's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Unified Government's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Unified Government of Wyandotte County / Kansas City, Kansas (Unified Government) as of and for the year ended December 31, 2019, and the related notes to the financial statements which collectively comprise the Unified Government's basic financial statements. We issued our report thereon dated June 26, 2020, which contained unmodified opinions on those financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to June 26, 2020. We did not audit the financial statements of the Board of Public Utilities, which is both a major fund and 84 percent, 86 percent, and 88 percent, respectively of the assets, net position, and revenues of the business-type activities. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Board of Public Utilities, is based on the report of the other auditors.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

---

**Finding 2019-001 (Significant Deficiency):**

**CFDA #14.239, HOME Investment Partnerships Program, U.S. Department of Housing and Urban Development, Award No. M-15-MC-20-0200.**

**Condition:** Subaward agreements for subrecipients did not include all required information.

**Criteria:** Per 2 CFR section 200.331(a), a pass-through entity must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the required information as outlined in 200.331(a)(1) at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the federal award and subaward.

**Questioned Costs:** None noted.

**Context:** Required communications did not include the CFDA # or federal award identification # information or federal award date for the only subrecipient of the program.

In all cases, it was clear that the subrecipients were receiving federal awards; however complete information was not provided.

**Cause:** The program manager and staff were unaware of all the communication requirements.

**Effect:** Subrecipients may improperly use federal funds or fail to report federal expenditures appropriately without the necessary information.

**Recommendation:** We recommend management review all subrecipient award documents and modify the award documents to include the required communications.

**Management Response (Unaudited):** Management will modify award documents to include the required communications.

KANSAS CITY, KANSAS**

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

Year Ended December 31, 2019

**Note 1. Organization**

The Unified Government of Wyandotte County / Kansas City, Kansas is the recipient of several federal grants. Various Unified Government departments administer these grant programs. The grants are accounted for in the General Fund, Special Revenue Funds, and Capital Project Funds.

**Note 2. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Unified Government and is presented on the modified accrual basis of accounting. The information presented in this schedule is in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**Note 3. Local Government Contributions**

Local cost sharing, as defined by 2 CFR Part 200, Section 200.306, is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

**Note 4. Additional Audits**

Grantor agencies reserve the right to conduct additional audits of the Unified Government's grant programs for economy and efficiency and program results which may result in disallowed costs to the Unified Government. However, management does not believe such audits would result in any disallowed costs that would be material to the Unified Government's financial position at December 31, 2019.

**Note 5. Scope of Audit Pursuant to The Uniform Guidance**

This report does not include the federal financial assistance of the Board of Public Utilities of Kansas City, Kansas. This entity, including the federal financial assistance programs, is audited by other auditors. Copies of financial statements and Single Audit reports can be obtained at the following address:
