Q22a. The Unified Government currently allows residents to put their trash out in bags, boxes, or whatever format they desire. In order to prevent trash from blowing everywhere on windy days, the Unified Government could switch to a cart-based system which would require residents to put their trash in carts that would be rolled to the curb on their trash collection day. If the cost of your trash service remained the same and the carts were provided free of charge, how supportive would you be of having the Unified Government begin using a "Cart-based" system for trash pick-up?
