Importance-Satisfaction Analysis

Unified Government – District 5

Investment Priorities

Recommended Priorities for the Next Two Years. In order to help the Unified Government identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance residents placed on each service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with services over the next two years. If the Unified Government wants to improve its overall satisfaction rating, they should prioritize investments in services with the highest Importance Satisfaction (I-S) ratings.

- **Overall Priorities for the City by Major Category.** This analysis reviewed the importance of and satisfaction with major categories of City services. The Citizen Survey will be an important tool for the Unified Government Board of Commissioners who will use the results as input for funding priorities.

The survey will take approximately 15 minutes to complete. The time you invest in completing this survey will influence decisions made about the city's and county's future. **Individual responses will remain completely confidential.** The results are tabulated and viewed only as a whole.

The Unified Government is partnering with ETC Institute which is one of the nation's leading firms in the field of local government research.
