Once the Latin and World rhythms take over, you'll see why Zumba® Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check.

Zumba Gold

Active older adults who are looking for a modified Zumba® class that recreates the original moves you love at a lower intensity. The design of the class introduces easy-to-follow Zumba® choreography that focuses on balance, range of motion and coordination. Come ready to sweat and prepare to leave empowered and feeling strong.

Build stamina, improve coordination and flexibility, and burn calories as you build lean muscle with this fun and challenging workout.

Insanity

Just the name itself may scare many from this type of cardio workout. Touted as one of the hardest exercise routines around, Insanity uses no gym equipment. Just your own body weight. Insanity differs from HIIT in one fundamental way. While HIIT training is based on shorter bursts of activity, Insanity utilizes maximal interval training. This is where you are moving for at least 3 minutes at a time. Because of this, you are hitting the aerobic portion of the workout hard. Insanity workouts take between half an hour and an hour to complete. This format will have you alternating between plyometrics, conditioning, and resistance training to torch calories.
