

File Plan Naming Standards for EDR

When preparing your plan sheets for an Electronic Document Review (EDR) submittal, please follow the file naming structure shown below. All file names will begin with a letter(s) designation followed by two numbers. Example: Architectural drawings would be designated as A01 through A99.

Exception: The applicant's cover sheet must always start with the number 0 (zero) followed by the letters cs (cover sheet) and then a number: 0cs1, 0cs2, etc. Using the number 0 (zero) will ensure that your cover sheet will always be alphabetically on top of the list in EDR.

Cover sheet index/legend for your plan set shall be labeled to these standards, in addition to each sheet of your plans. Each set of your supporting documents will be a separate file and must be clearly named.

Example: Z01 COMcheck Building Envelope
 Z02 Retaining Wall Calculations

Resubmitted plan sheets shall designate R behind the sheet title and include the revision date. Example: Original sheet titled A01 and revised sheet titled A01R_1_12_14. For DRC Electronic Document Review (EDR) submittal requirements reference Electronic Document Review Submittal Requirements.

We have referenced a standard naming practice for construction plan sets. Plan set shall have the legend or table of contents hyperlinked to each section/sheet listed.
