Wyandotte Motor Vehicle Services Locations Re-Open

Customers can complete their newly acquired vehicle business in-person at both the Downtown & Annex locations

Motor Vehicle Services at Wyandotte County's Annex (8200 State Avenue) and Downtown (710 North 7th Street) will re-open to in-person service for newly acquired vehicle purchases on January 20, 2021.

The Annex location previously transitioned to appointment-only service to protect the public and staff as part of the county's on-going COVID-19 response.

"The Treasury team is extremely excited to resume this service for our community and customers. The pandemic has caused a great deal of frustration for everyone, and we know that many of our customers prefer to do their newly acquired vehicle with the-Treasury in-person," said Rick Mikesic, County Treasurer. "Although we will be re-opening under the guidance of the Public Health Department, customers who would feel more comfortable completing their business online or through the mail may still do so."

The re-opening is welcomed news for many, but Treasury staff caution patience. The backlog created as a result of last year's closures will take some time to complete, and customers should expect long waits.

To prevent the spread of COVID-19, those customers entering public buildings at the Annex or Downtown locations will be required to adhere to strict social distancing guidelines and wear a mask or face covering at all times.

All motor vehicle services can be completed online or by mail. To learn more, visit wycokck.org/Auto or reference the frequently asked questions below.
