Zumba

We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba® Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check.

Zumba Gold

Active older adults who are looking for a modified Zumba® class that recreates the original moves you love at a lower intensity.

The design of the class introduces easy-to-follow Zumba® choreography that focuses on balance, range of motion, and coordination. Come ready to sweat and prepare to leave empowered and feeling strong.

Step

Aerobic exercises and dance movements are performed by stepping up onto and down from a rectangular platform..

Strong Nation

Training to the beat. STRONG Nation™ combines body weight, muscle conditioning, cardio, and plyometric training moves synced to original music that has been specifically designed to match every single move. Every squat, every lunge, every burpee is driven by the music, helping you make it to that last rep, and maybe even five more.

ACTIVITIES

Cardio-kickboxing

Cardio kickboxing is a group fitness class that combines martial arts techniques with fast-paced cardio. This high-energy workout challenges the beginner and elite athlete alike. Build stamina, improve coordination and flexibility, and burn calories as you build lean muscle with this fun and challenging workout.

Insanity

Just the name itself may scare many from this type of cardio workout. Touted as one of the hardest exercise routines around, Insanity uses no gym equipment. Just your own body weight.

Insanity differs from HIIT in one fundamental way. While HIIT training is based on shorter bursts of activity, Insanity utilizes maximal interval training. This is where you are moving for at least 3 minutes at a time. Because of this, you are hitting the aerobic portion of the workout hard. Insanity workouts take between half an hour and an hour to complete. This format will have you alternating between plyometrics, conditioning, and resistance training to torch calories.
